Experience

- MVST.co** Munich, Bavaria
Full-Stack Developer (Working Student) September 2022 – now
- I supported the MVST team on four projects for different clients. These projects involved building websites, mobile applications, and an IoT time-series aggregation service.
 - Core technologies: Flutter, NestJS, NextJS, React Native
- Chargd.** Munich, Bavaria
Full-Stack Developer (Working Student) March 2022 – August 2022
- Supported Chargd's front-end and back-end teams in developing iOS and Android apps to connect electric vehicles and manage charger reservations.
 - Core responsibilities: Flutter App, build Go API architecture with AWS Lambda
- One Dollar Movement** Munich, Bavaria
CO-Founder, CTO October 2019 – December 2021
- Co-Founded ODM with a friend in 2019
 - Developed an iOS and Android App to simply donate money to charity organisations
 - Core responsibilities: Flutter App, Firebase, NodeJS (ExpressJS API), ReactJS (for an administration dashboard)

Education

- University of Cambridge** Cambridge, United Kingdom
Master Thesis at Cyber-Human Lab October 2024 - March 2025
- Bridging the behavior-intention gap by employing Large Language Models (LLMs) in a mobile app, aimed at helping users define, track, and accomplish their goals.
- Technical University of Munich** Munich, Bavaria
M.Sc. in Computer Science with a focus on Software Engineering March 2024 - March 2026
- iPraktikum: Participated in a team of six developers to build the first Vision Pro 3D Map, visualizing energy consumption scenarios.
 - Advanced Topics of Software Engineering: Collaborated with three other students to build an online IDE using AngularJS and Spring Boot, among other technologies.
- Technical University of Munich** Munich, Bavaria
B.Sc. Computer Science October 2019 - March 2024
- iPraktikum: Collaborated in a team of six to develop an iOS app for designing and sending HTML emails
 - iPraktikum Tutor: Together with 5 other tutors we taught 60 students SwiftUI

Activities

- Model United Nations TU Munich (MUNTUM) e.V.** Munich, Bavaria
Member March 2024 – now
- Participated in weekly sessions where each member represented a country to debate significant political topics within various UN committees.
 - Attended an international Model United Nations (MUN) conference in Barcelona in September 2024.
